

RAJEEV THAPA

Full Stack Web Developer

+977 981 375 9336

@ thaparajeev1985@gmail.com

New Baneshwor- 10, Kathmandu, Nepal

EXPERIENCE

Web Developer

Company Name

2020 - 2020 Kathmandu, Nepal

I worked on various practice projects.

- I achieved profound knowledge about how the back-end technology works.
- I learned JavaScript full stack tools and frameworks (MERN stack)

Front End Web Developer

Company Name

2018 - 2020 New York, NY

I started as self-taught before I decided to seek professional mentorship from the institute for two years from various online resources while I was still working as full time Security Officer in UAE.

- I learned about front end technologies
- I learned basics of version control
- I created and built some modern web designs using HTML5, CSS3, Bootstrap, jQuery Plugins.

Surveillance and Command Center Operator

Spark Security Services

02/2014 - 02/2020 Location

Spark Security Services is a UAE based security company. I was deployed at Cleveland Clinic Abu Dhabi (CCAD) as a surveillance and command center operator.

- I was awarded with partnership award on December 2015 for core value of Service.
- Worked in coordination with various other departments including medical, non-medical, IT
- Communicated within and outside the hospital via Vocera, email, telephone, intercom.
- Worked in diverse team with members from various countries.

EDUCATION

Intermediate in Humanities

Metropolitan Higher Secondary School

07/2003 - 04/2005

- Major in Mathematics
- Major in Mass Communication
- Major in Sociology and Anthropology

SKILLS

Languages

JavaScript HTML5 CSS

Database

MongoDB

Tools and Libraries

React Bootstrap Git jQuery

Visual Studio Code Express JS

MongoDB Node JS

MY PRINCIPALES

Knowledge

I thrive in a knowledge-sharing environment and seek improvement throughout presentations, workshops, and mentoring.

Equality

Granting the same rights, challenges, problems and solutions to everybody is the biggest act of self and social awareness, that leads to progress and growth.

Diversity

Learning about and experiencing different cultures is the greatest tool to enrich yourself and gain broader perspective (and start finding better solutions)
